

# 20 YEARS

## of Manifesting Community Resilience

A Summary Report

**IDEP Foundation**

Helping people to help themselves

## Note from Board of Governor

IDEP is established 20 years ago by its founders to respond the global crisis, which affected lives of people elsewhere as in Indonesia and Bali specifically at the cores. Soon after, IDEP supported by personal and institutional philanthropists works in emergency response and CBDM, permaculture-based sustainable livelihood, public campaign & education through creative media, and training and consultancy. Reaching more than 16 provinces, IDEP refers its work to global, national, and local frameworks such as MDG/SDG and HFA/SFDRR. Nowadays, IDEP is as others affected by the pandemic and together with other's lives for survival, hopes for better peace and harmoniously tomorrow. IDEP celebrates its anniversary with a global crisis.

— H. Iskandar Leman

## Note from Executive Director

In these last 20 years, the development of IDEP is very dynamic. However, the trend shows a positive sign, especially on making IDEP an independent organisation. For so many people who have helped IDEP during the journey, I represent IDEP family to express our gratitude to the founders, staff, community, donors, partners, and supporters. We strive to give back all your kindness by producing a more positive impact through manifesting community resilience.

— Muchammad Awal

## Framework

Since founded in 1999, our main objective is to make community resilience happen through the four-evolved-and-integrated framework:

## Work Area

For 20 years, through programs, training, and consultancy, we strive to reach as many people as possible throughout Indonesia, especially those living in remote areas with minimal access to development. Not only Indonesia, but we have also expanded our outreach to the community abroad, such as Timor Leste, Philippines, and Pakistan.

## Contributions to SDGs

We see that our organisational goal is synergic with Sustainable Development Goals (SDGs) aimed to be achieved by 2030. In that sense, we have contributed to 14 out of SDGs through our entire work for 20 years. To make sure that "no-one left behind," we commit to contributing, both domestically and abroad.

## Programs Value

15,000,000,000

## 20 Years in Numbers and Figures

**25.014**

people received direct benefits from programs

**78**

locations reached out by programs, mostly remote villages

**468**

trainings delivered

**80**

consultancies project delivered

**10.300**

students participated in public education activities

**14.175**

educational media downloaded online

**65.243**

followers in 6 social media platforms

**5**

awards received, both international and national

## Testimonies

"Now it's different after the training and getting knowledge from IDEP. After we make sure the supply for our daily needs, we sell the other part of crops to the market. On average, we can now save IDR 150.000/month and generate income up to IDR 500.000/month."

— **Carolina Yaku Danga**  
(Watumbaka village, East Sumba, East Nusa Tenggara)

"With my eyes, I saw the walls fell one by one to the ground, and nothing can be saved but our lives. But now, I feel like I'm home again after receiving a transitional house. Besides the house, I also received training and equipment support to manage permaculture-based home-garden in my yard."

— **Sariem**  
(Jono Oge village, Sigi, Central Sulawesi)

# 2019 Program Review

During 2019, we have carried out 14 community development programs across five provinces, namely Bali, Banten, Central Sulawesi, North Sulawesi, and North Maluku. The beneficiaries vary from families, school communities, village communities, to residents at the provincial level. The programs were carried out in collaboration with multi-stakeholders, including donors, partners (government and business), volunteers, and supporters.

1

**Program:** Building sustainable local chains for fruits and vegetables

**Location:** Bukit Catu hamlet, Candi Kuning village, Tabanan, Bali

**Donor:** Agrisud

2

**Program:** Capacity Building for Communities Through Permaculture-Based Sustainable Agriculture

**Location:** Nusa Penida, Bali

**Donor:** Global Environmental Facility (GEF)

3

**Program:** Agroforestry Project - Forest Protection in Community Level

**Location:** Yeh Embang Kauh village, Jembrana, Bali

**Donor:** Hand in Hand (HIH)

4

**Program:** TUNAS (Friends for The Universe) - Environmental Education in Elementary Schools

**Location:** Bali province

**Donor:** Boeing

5

**Program:** Bali Water Protection

**Location:** Bali province

**Donor:** Multi-donors

6

**Program:** Enhancement of Welfare and Women's Empowerment through Disaster Risk Reduction Activities

**Location:** Amal and Saloya village in Central Sulawesi

**Donor:** Caritas Austria

7

**Program:** Enhancement of Welfare and Women's Empowerment through Disaster Risk Reduction Activities

**Location:** Sumari, Taripta, Kumbasa, and Jono Oge village in Central Sulawesi

**Donor:** Medico International

## Trainings:

There are 4 trainings delivered outside program implementation, including:

1. Permaculture Design Course
  - o Client: PT Paiton Energy
2. Financial Management for Non-Governmental Organisation
  - o Clients: Yayasan Gugah Nurani, Rikolto, World Neighbour
3. Liquid Fertiliser
  - o Client: Yayasan Emas Hitam
4. Organic Farming
  - o Client: WVI Manggarai

8

**Program:** Women's Earthquake Recovery Stories

**Location:** Jono Oge village, Central Sulawesi

**Donor:** Australian Volunteers International (AVI)

9

**Program:** Community-based Disaster Management for Schools and CBDM Group

**Location:** Amal and Saloya village in Central Sulawesi

**Donor:** Give2Asia

10

**Program:** Sustainable Livelihood & Agroforestry for Conservation of Biodiversity in Aketajawe-Lolobata National Park

**Location:** East Halmahera, North Maluku

**Donor:** Critical Ecosystem Partnership Fund (CEPF)

## Consultancy projects:

There are 6 consultancy projects delivered two times for each clients, including:

1. Permaculture garden management
  - o Client: Daun Lebar Villa
2. Permaculture garden management
  - o Client: Dyatmika School
3. Field Assessment for sustainable livelihood project
  - o Client: Philip Morris Products S.A.

11

**Program:** Wallacea Biodiversity Protection Through Sustainable Conservation & Livelihood

**Location:** Talaud Islands, North Sulawesi

**Donor:** Critical Ecosystem Partnership Fund (CEPF)

12

**Program:** Emergency Response - Provision of Basic Needs for Family Affected by Earthquake, Tsunami, & Liquefaction

**Location:** Palu, Sigi, Donggala in Central Sulawesi

**Donor:** Multi-donors support

13

**Program:** Emergency Response - Provision of Basic Needs for Family Affected by Earthquake and Tsunami

**Location:** Pandeglang, Banten province

**Donor:** Multi-donors support

14

**Program:** Emergency Response - Provision of Basic Needs for Family Affected by Maluku Earthquake

**Location:** Tenga-tenga village, Central Maluku

**Donor:** Multi-donors support

# Thank you Donors, Partners, and Supporters

On 15 May 2019, we celebrated our 20th Anniversary. In such a journey, there were many ups and downs, joys and sorrows, tears and laughter, and the desire to keep learning to be better from day today. Thank you to all who have given all the best in the journey: the founders, staff, communities, donors, partners, supporters, and supporting parties we are grateful for your endless presence for IDEP. There is nothing to be given, but the prayer as the most sincere form of gratitude.
